SCFD5 Fire Danger Sign Proposal

Some years ago, the District refreshed and added to the signage located at our District Boundaries. These signs are mounted on metal posts, and visible to travelers when *entering* the boundaries of the District.

Aside from communication of the District boundaries, there remains a need to properly and effectively communicate up to date information regarding local fire danger levels. Currently, the District utilizes owned social media accounts to communicate fire danger levels.

In order to place the information where the residents and visitors of the Fire District are, leveraging existing District Boundary signs by adding fire danger information to them as well as installing new, strategically placed signs along common travel corridors would put current fire danger information in front of persons traveling to, from, or through our Fire District.

Current “Entering Snohomish County Fire District #5” signs are located in the following locations:

- Ben Howard Road @ District Boundary
- US2 @ Western District Boundary
- Old Owen Road @ District Boundary
- Florence Acres Road @ District Boundary
- Old Pipeline Road @ District Boundary
- US2 @ Eastern District Boundary

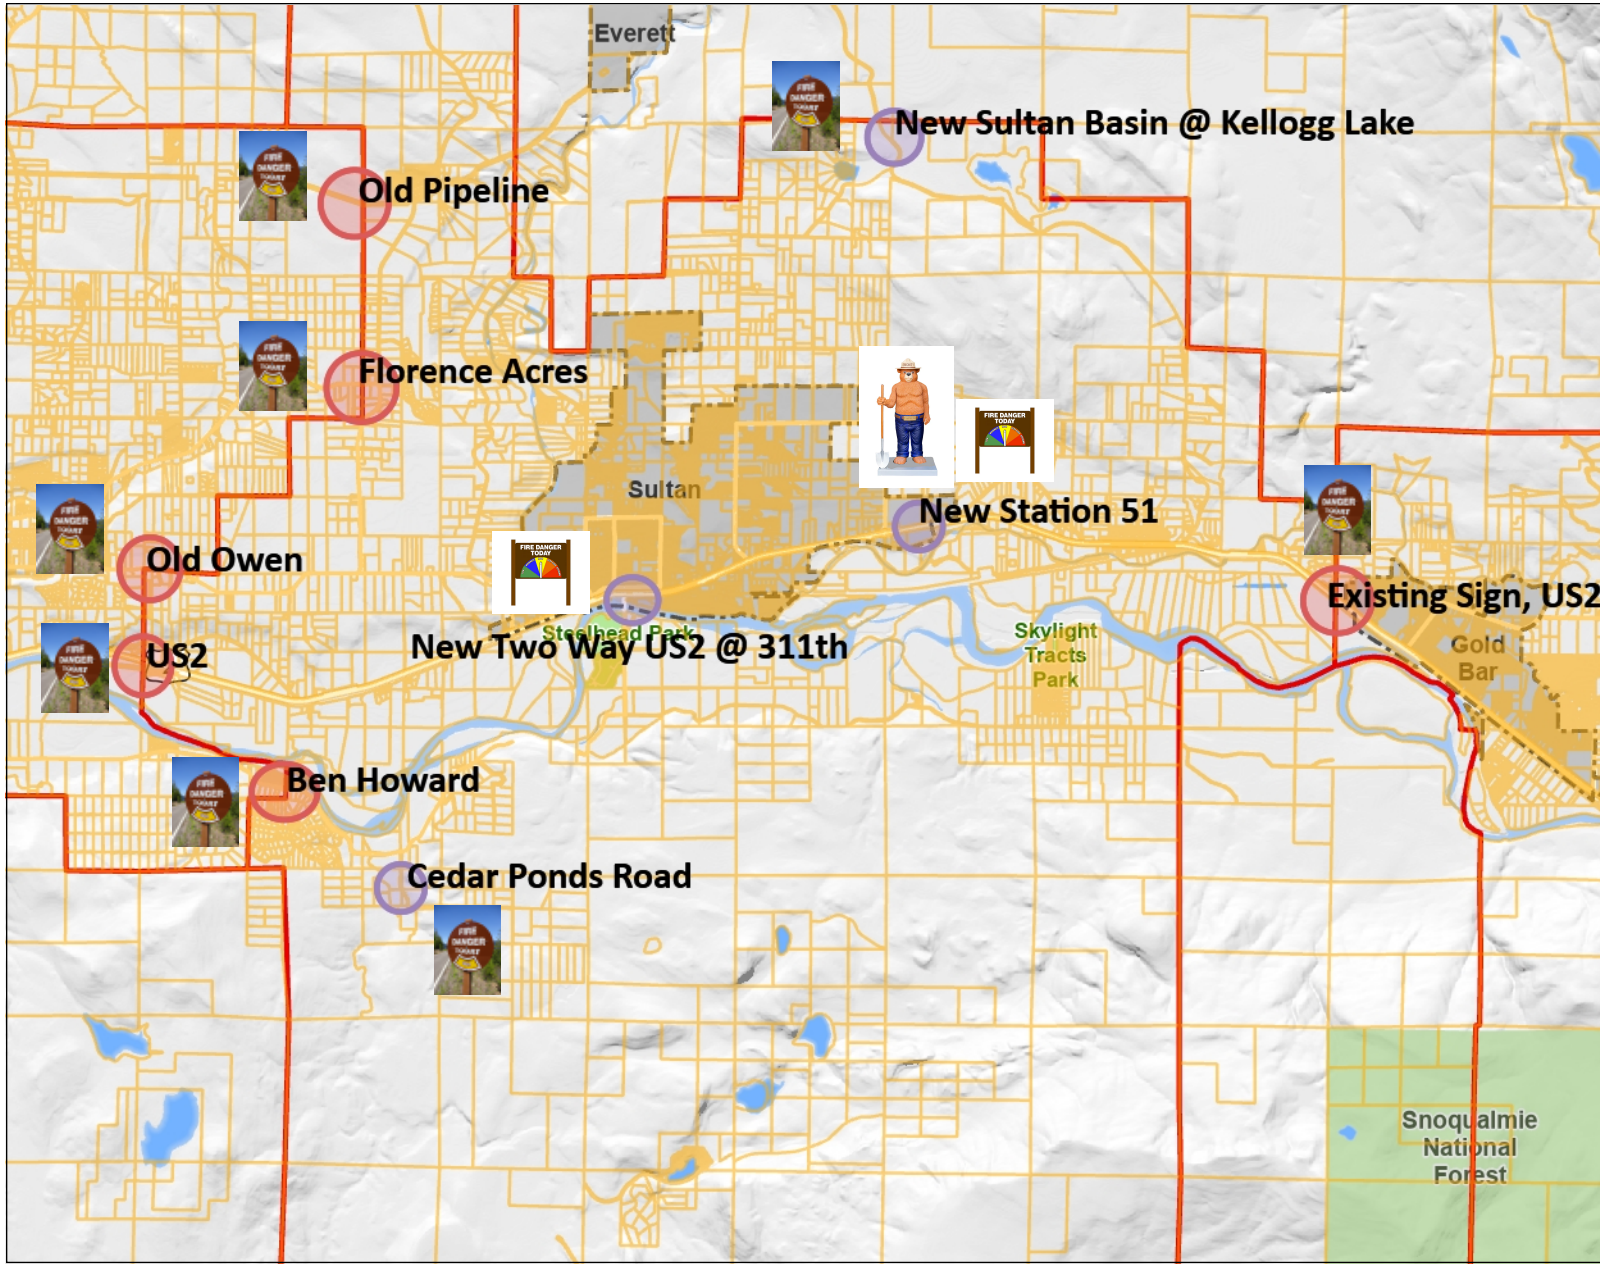

These signs are placed in such a way to welcome people to our Fire District, so residents who are leaving will be unable to read the current fire danger rating.

Additional signs, located in the following strategic locations would increase the visibility of the current fire danger ratings and oriented in a way to capture those who need to have up to date fire danger information.

- Sultan Basin Road @ Kellogg Lake Road (Legible to persons traveling North)
- Cedar Ponds Road @ Ben Howard (Legible to persons traveling South)
- US2 @ 311th (Large two-sided sign)
- Station 51 (Large two-sided sign w/ Smokey the Bear statue)

Cost of the sign proposal includes materials and contracted work estimates, which are variable due to the location, development and additional desires of the Station 51 sign display.
