Chiefs Report to the Board of Commissioners

July 13th, 2026

Recent Wildfire Responses and Mobilization

- All crews have returned from the recent mobilization, which included both the Chelan Hills fire and the Ryegrass Coulee fire. While on the Chelan Hills fire, our strike team was redeployed on an immediate need basis to Vantage, to hold the progress the local agencies made and improve the fire lines around structures.
- We have had two separate instances where log jams are being lit on fire on the Skykomish. Once on the 10th and again yesterday. Yesterday's response included assistance from both SRFR and DNR, which brought 3 engines and their helicopter to assist. Snohomish County FMO has been contacted.

The 4th of July

- One structure suffered exterior fire damage early in the morning on the 5th, but no other major incidents occurred over the holiday.
- Sno911 dispatchers reported 3209 calls for the 24 hour period starting at 0700 on the 4th, peaking at 10pm on the 4th at over 200 calls per hour. This is a 7% reduction from 2025.

Annexation

- Our attorney has our annexation project and will be interfacing with the Snohomish County Boundary Review Board to determine next steps.

Misc.

- Our personnel were called to assist SRFR on the fatal fire on Friar Creek Road. We are aware of the exposure and doing all that we can to support those staff members.
- The newsletter has been drafted, and prior to release I will be meeting with the vendor for some alterations.
- Fire Danger signs have been changed. No news on the return of Smokey yet.
- The Phase 1 Burn Ban is still in place, which allows both outdoor cooking and recreational fires provided they are performed within the regulations. All other outdoor burning is not allowed.
- Our hazard signs installed along the Skykomish have been working, with witness reports of citizens floating the river heeding the warnings and portaging their parties across the gravel bar and around the strainer.
- Crews have been surveying the river and report water levels to be very low, which might make travel in our hovercraft difficult as the summer wears on.
- The City suffered a water supply failure on Thursday night which affected all properties off Sultan Basin Road. The City staff communicated the issues and notified us when they were up and running, less than 12 hours later.
- We called in extra staffing over Shindig Weekend to staff the first aid booth and stand by for the logging show. In addition to the chainsaw raffle that the Association routinely holds, they also added a dunk tank this year.

Respectfully submitted,

Seth Johnson
